DHRUVIL BARDOLIYA

BCA Student · Full-Stack Web Developer

+91 81607 97965 | dhruvilbardoliya81@gmail.com | Surat, Gujarat, India
github.com/dhruvilbardoliya | linkedin.com/in/dhruvil-bardoliya-74566633b | dhruvilbardoliya.github.io

PROFILE

BCA (Semester V) student at SDJ International College, Surat, with internship experience at HPL Technologies, seeking a **6-month full-stack web development internship**. Has built full-stack and AI-powered web applications using React, Node.js, PHP, MySQL, MongoDB and the Google Gemini and Groq APIs. Keenly interested in **Artificial Intelligence and Machine Learning** and actively building knowledge in these areas.

EDUCATION

Bachelor of Computer Applications (BCA) — 2024 – 2027 (Expected)
SDJ International College, Surat · Veer Narmad South Gujarat University (VNSGU) — Latest SGPA: **7.27** (Semester 4)
Relevant coursework: DBMS, OOP, Web Frameworks (PHP, Laravel), .NET, Linux, Computer Networks, Software Engineering

EXPERIENCE

Web Development Intern · HPL Technologies, Surat — 1-month internship program

- **Secure PHP Authentication System** – PHP login system with hashed passwords (password_hash), session-based access to protected pages, logout and server-side form validation.
- **Orbit – Project Tracker Landing Page** – responsive landing page for a freelancer project-tracking product, with a features section and a contact form with live character counter.
  dhruvilbardoliya.github.io/Orbit_Project_Tracker/
- **Dynamic To-Do List Application** – interactive to-do app for adding and managing tasks in the browser.

PROJECTS

Event Management System — *React · Node.js · Express · MongoDB*

- Full-stack MERN application with user registration and login, and an admin panel to create, edit and delete events.
- Users can search, filter and register for events; built as my BCA Semester V major project with full documentation.

AI Tutor — *Python · Streamlit · Gemini API · Groq API*

Live: dhruvilbardoliya-ai-tutor-app-34r6ef.streamlit.app/ | Code: github.com/dhruvilbardoliya/AI_Tutor

- AI-powered learning assistant that answers student questions using Google Gemini and Groq LLMs; deployed on Streamlit Cloud.

Movie Ticket Booking System — *PHP · MySQL · HTML · CSS*

- Ticket booking web app with user accounts for booking shows and an admin panel to manage movies and show timings.

Gym Membership Management System — *VB.NET · MS Access*

- Desktop application with login, member records (CRUD), membership tracking and an admin dashboard.
