DHRUVIL BARDOLIYA

BCA Student · Full-Stack Web Developer

+91 81607 97965 | dhruvilbardoliya81@gmail.com | Surat, Gujarat, India
GitHub: github.com/dhruvilbardoliya | Portfolio: dhruvilbardoliya.github.io/ | LinkedIn: linkedin.com/in/your-profile

PROFILE

BCA (Semester V) student at SDJ International College, Surat, with internship experience at HPL Technologies, seeking a **6-month full-stack web development internship**. Has built full-stack and AI-powered web applications using React, Node.js, PHP, MySQL, MongoDB and the Google Gemini and Groq APIs. Keenly interested in **Artificial Intelligence and Machine Learning** and actively building knowledge in these areas.

EDUCATION

Bachelor of Computer Applications (BCA) — 2024 – 2027 (Expected)
SDJ International College, Surat · Veer Narmad South Gujarat University (VNSGU) — Currently in Semester V

Relevant coursework: Database Management Systems, Object-Oriented Programming, Web Frameworks (PHP, Laravel, CodeIgniter), .NET Programming, Operating Systems (Linux), Computer Networks, Software Engineering, UI/UX Design

EXPERIENCE

Web Development Intern · HPL Technologies, Surat — 1-month internship program

- **Secure PHP Authentication System** – built a secure user authentication (login) system in PHP.
- **Orbit – Project Tracker Landing Page** – responsive landing page for a freelancer project-tracking product, with a features section and a contact form with live character counter.
  dhruvilbardoliya.github.io/Orbit_Project_Tracker/
- **Dynamic To-Do List Application** – interactive to-do app for adding and managing tasks in the browser.

PROJECTS

Event Management System — *React · Node.js · Express · MongoDB*

- Full-stack MERN web application for creating, listing and managing events.
- Developed as the BCA Semester V major project, with complete project documentation.

AI Tutor — *Python · Streamlit · Gemini API · Groq API*

Live: dhruvilbardoliya-ai-tutor-app-34r6ef.streamlit.app/ | Code: github.com/dhruvilbardoliya/AI_Tutor

- AI-powered learning assistant that answers student questions using Google Gemini and Groq LLMs; deployed on Streamlit Cloud.

Movie Ticket Booking System — *PHP · MySQL · HTML · CSS*

- Web application for browsing movies and booking show tickets online.

Gym Membership Management System — *VB.NET · MS Access*

- Desktop application with login, member records (CRUD), membership tracking and an admin dashboard.

Personal Portfolio Website — *HTML5 · CSS3 · JavaScript*

dhruvilbardoliya.github.io/

- Responsive personal portfolio showcasing all projects, built from scratch and hosted on GitHub Pages.
