PROFILE

BCA (Semester V) student at SDJ International College, Surat, seeking a **6-month full-stack web development internship**. Has built full-stack and AI-powered web applications using React, Node.js, Express, MongoDB, PHP and the Google Gemini and Groq APIs. Quick learner who enjoys turning ideas into clean, working software.

EDUCATION

Bachelor of Computer Applications (BCA) 2024 – 2027 (Expected)
SDJ International College, Surat · Veer Narmad South Gujarat University (VNSGU) Currently in Semester V

Relevant coursework: Database Management Systems, Object-Oriented Programming, Web Frameworks (PHP, Laravel, CodeIgniter), .NET Programming, Operating Systems (Linux), Computer Networks, Software Engineering, UI/UX Design

PROJECTS

Event Management System *React · Node.js · Express · MongoDB*

- Full-stack MERN web application for creating, listing and managing events.
- Developed as the BCA Semester V major project, with complete project documentation.

AI Tutor [link] *Python · Streamlit · Gemini API · Groq API*

- AI-powered learning assistant that answers student questions using Google Gemini and Groq large language models.
- Deployed on Streamlit Community Cloud; source code on GitHub.

Movie Ticket Booking System *PHP · MySQL · HTML · CSS*

- Web application for browsing movies and booking show tickets online.

Gym Membership Management System *VB.NET · MS Access*

- Desktop application with user login, CRUD operations on member records, membership status tracking and an admin dashboard.

Personal Portfolio Website [link] *HTML5 · CSS3 · JavaScript*

- Responsive portfolio with glassmorphism UI, scroll animations and mobile navigation, hosted on GitHub Pages.
